

I have been blessed to teach at QCCS for the past 3 years. It is a privilege to work with young adults in such a Christ-centered environment. I graduated from Eastern Illinois University in 2008 and began my teaching career at St. Paul's Lutheran School in Milford, Illinois. In 2011, I married my husband, Josh, and relocated to Hannibal, Missouri. While there, I taught 4 years in the public schools before Christ led us to the Quad Cities.

Throughout my life, God has made it very clear that my gift is teaching. It is such a blessing to be able to teach His Word in all subjects. Here at QCCS, I am one of the middle school teachers, I also teach Consumer Math and am the Athletic Director. In my free time, I enjoy going to the movies and visiting family.
