

I received my B.A. from Illinois State University. I had the privilege of teaching Physical Education and Driver's Education at Orion High School from 1979 until 2002. After retiring from Orion, the door opened for me to continue teaching Driver's Ed at QCCS. I enjoy the opportunity I have to teach young students how to drive and to talk about the Lord while doing so.

I am married to my wonderful wife, Linda, and together we have 2 children and 4 grandchildren.
